Miners May Accept Wilson's Plan To End Coal Strike

Conference of Workers' Officials At Indianapolis Today Brings End To Disastrous Labor Disturbance

(By Associated Press)
—A telegraphic conference of the miners' officials would accept the President's plan for settlement of the coal strike was misinterpreted by officials as saying the miners had accepted the plan and led to such an announcement. A correction was made immediately afterwards.

(By Associated Press)
Indianapolis, Dec. 9.—A settlement within 24 hours of the strike of 400,000 bituminous coal miners of the country which had been confidently predicted to

meanwhile the contempt charges for violating the anti-strike injunction against 84 general and district officials of the United Mine Workers of America, was postponed today in federal court to next Tuesday, pending the outcome of the conference this afternoon of the miners' officials on President Wilson's plan to end the strike. Empowering a federal grand jury to investigate alleged violation of the Lever and anti-trust laws by operators, miners and coal dealers was also postponed until the following day.

In these several postponements, however, counsel for the government which made the motions to that effect, gave no indication that the government intended to dismiss the proceedings.

Meanwhile both the miners and the government officials continued their refusal to make public the President's proposals for the strike settlement.

The meeting of the miners to consider them is fixed for two o'clock behind closed doors but their officials expressed confidence the executive board and scale committee would approve any course acceptable to Acting President Lewis and Secretary Green, who had agreed in their Washington conference to urge the proposals as a basis for a settlement of the coal strike.

Urges Miners' Acceptance

(By Associated Press)
Washington, Dec. 9.—Secretary Wilson today sent a telegram to Acting President Lewis of the United Mine Workers of America urging the miners to accept President Wilson's proposal for settlement of the coal strike, which the miners are to act on at Indianapolis this afternoon. Wilson said the President had "pointed the way out with honor to the government and honor to yourselves."

Fuel Ban Can't Be Relaxed

(By Associated Press)
Chicago, Dec. 9.—With extension of the stringent fuel administration rationing orders reducing the nation's industries to virtually a half-time basis, and the most severe weather of the winter on the way, hope of paving the way to end the nation-wide coal strike turned to Indianapolis today. Even so, however, officials pointed out no relaxation of the fuel rationing orders could be expected immediately.

THE OLDEST INHABITANT

OF ESTILL COUNTY DIES
Mrs. Mary T. Smith died in Irvine last Sunday, age ninety years and seven months. She was born in Estill and had lived in Irvine since she was six years old. She joined the Methodist church at the age of seventeen and had ever been devoted to its teachings. She was the widow of Robert W. Smith, who was one of the most prominent lawyers in that section. He preceded her to the grave many years. She was the mother of eleven children, five sons, and six daughters. Remains were laid to rest in the Irvine cemetery Monday.

DRASTIC NEW FUEL RULES ANNOUNCED

All Unnecessary Lights Must Go Out and Factories Are Cut To Three Days' Work

Washington, December 9.—Drastic nationwide restrictions on lighting and heating, similar to those in effect during the coal shortage of 1917, were ordered last night by Fuel Administrator Harry A. Garfield.

The limitations, which were made effective immediately, will be enforced by the Railroad Administration.

All street lighting, other than that necessary for the safety of the public must be curtailed, and stores, offices, buildings and industrial plants, with few exceptions, are put on a reduction as to both lighting and heating.

"Another of the restrictions provides that all manufacturing plants, except those engaged in the making of necessary products shall reduce their operations not to exceed three days in any one week.

Electric railways are required under the Fuel Administrator's order to reduce schedules to minimum requirements, and no heat shall be provided in electric cars during rush hours.

The restrictions were announced through the Railway Administration as follows:

No ornamental light, white way or other unnecessary street lights, outline lighting, electric signs or illuminated bill boards, show windows or showcase lights are to be operated. This does not affect street lighting necessary for the safety of the public. No cabaret, dance hall, pool hall or bowling alley shall be permitted to use light, except between 7 p. m. and 11 p. m.

Stores, including retail stores, but excepting stores selling food and drug stores, must not use light (except safety lights except for six hours per day.

Manufacturing plants shall not be allowed to use light only during the time prescribed for the use of power.

Drug stores and restaurants may remain open according to present schedules, but must reduce lighting on half.

Railroad stations, hotels, hospitals, telephone, telegraph and newspaper offices are not included, insofar as necessary lighting is concerned.

General and office lights must be cut off not later than 4 p. m. in office buildings, except in Federal, state and municipal offices and except where office operation of vital industries is involved.

Dairies, refrigerator plants, bakeries plants for the manufacturing of necessary medical products, waterworks, sewerage plants, printing plants for the printing of newspapers only, battery charging outfits in connection with plants producing light or power for telephone, telegraph or public utility companies are exempted.

Only enough heat may be used in offices, stores, warehouses and manufacturing plants to keep the average temperature at 68 degrees Fahrenheit, and then only during the hours for which light is permitted. During other hours only enough heat is to be used of prevent freezing water pipes or sprinkler system.

In manufacturing plants or plants coming under power curtailment rules, heat, (to 68 degrees Fahrenheit) will be allowed only during that time prescribed for use of power.

No manufacturing plant or factory shall receive bituminous coal, coke, heat, light or power from bituminous coal or coke furnished by or through the United States Fuel Administration for operation in excess of three days a week on the basis of present working hours.

The exceptions are dairies, refrigerator plants, bakeries, plants for the manufacture of necessary food products of necessary medicinal products, waterworks, sewerage plants, printing plants for the printing of newspapers, only battery charging outfits in connection with plants producing light or power for telephone, telegraph or public utility companies.

Elevator service must be curtailed as much as possible in accordance with the above regulation on use of heat, light and power.

FIST FIGHT FEATURES BIG ALIENATION SUIT

Prominent Attorneys Come To Blows In Front of Judge Hardin, In Garrard

A suit brought by the wife of a well known Garrard county farmer against the wife of another and her mother, charging alienation of her husband's affections, and a verdict for \$5,000 was the feature suit of circuit court in session in Lancaster last week.

In the case at action, Mrs. Willie Hendrickson Calico sued Mrs. Samantha Hill for alienating the affections of her husband, Elbert Calico, a well known young farmer. Mrs. Mary Bogie, mother of Mrs. Hill, was also named as a defendant in the case, and the plaintiff claimed that Mrs. Bogie had assisted her daughter in winning the affections of Calico, and had arranged matters for their elopement, which was only prevented at the last minute by Mr. Bogie "getting on" to affairs and stopping it in short order.

The case was begun Wednesday and lasted through Friday and was very bitterly fought all the way. Love letters that passed between Mrs. Hill and young Calico were read to the jury, and the whole affair aired in the fullest possible way. After the jury had brought in a verdict of \$5,000 damages for Mrs. Calico against Mrs. Hill and Mrs. Bogie they made an offer to settle in full for \$4,000 cash and not have the case appealed to a higher court. This offer was accepted and the money paid over.

A secondary feature of the trial was a one-round battle with bare fists between Attorneys Joe E. Robinson, of Lancaster and Emmet V. Puryear, of Danville. Robinson, with former Judge L. L. Walker, was attorney for the defendants, while Puryear, together with Attorney John Noland, of Richmond, represented the plaintiff, who obtained the big judgment.

Those who saw the physical encounter between the two well known attorneys say that the battle was so fierce while it lasted that it took six men to separate them. Neither was punished by the court for the side-show they put on, according to the story as told by several here who saw the affair.

Robinson was speaking to the jury and during the course of his remarks said that Puryear in cross-examination of Mrs. Bogie and Mrs. Hill had been discourteous. Puryear immediately protested to Judge Hardin for protection against such a remark. He said that while he was cross-examined vigorously as his duties required, he had at all times been courteous, and he requested the court to compel Robinson to correct such a statement.

Judge Hardin, however, failed to admonish or correct Robinson in any way, and after appealing to the court of justice several times, Puryear said that if the court would not give him protection he would brand the statement untrue himself. And he did so. Then the fireworks began, and but for the timely arrival of the "reserves" on the sidelines, a knock-out might have been recorded. So far as can be learned, neither of the distinguished barristers bears physical marks of the little fray.

TOM SLAVIN PASSES AWAY AT PAINT LICK

Pneumonia Proves Fatal—Lancaster Tobacco Market Sells Basket At \$1.10 Monday

Lancaster, Dec. 9.
Mr. Tom Slavin died Saturday morning at his home in Paint Lick, after several weeks illness of pneumonia. He is survived by three brothers, Dr. Jack Slavin, Mr. E. R. Slavin, both of Danville and Mr. J. C. Slavin, of Texas. Mr. Slavin leaves a wife, who was Miss Jennie Kavanaugh, of Paint Lick. He was a member of the Paint Lick Presbyterian church. The funeral took place at the home Sunday afternoon, after which the remains were interred in the Lancaster cemetery.

The Lancaster Baptist church, with Rev. George Strother as pastor, has gone over the top with its quota of \$1400 in the \$75,000,000 campaign of Southern Baptists.

The Woman's Club met Thursday afternoon at their rooms on Lexington avenue with Miss Martha Gill as leader. About twenty-five members were present.

Quite a crowd was present Friday evening at the First Presbyterian church at the Centennial celebration and the silver tea, the offering to go to the Ladies Missionary Society. The church was decorated with ivy vines, ferns and baskets filled with pink and white roses. On each side of the platform were the gold figures of 1819-1919. The music was rendered by Mrs. James Shelby, of Danville, soloist, Miss Amy Dawes, of Bryansville, violinist, and Mrs. Mac Hughes Noland, pianist. Rev. Benjamin Jay Bush, D. D. of the Second Presbyterian church, Lexington, Ky., gave a splendid address, his subject being "The Church of Tomorrow." After the program during the social hour chicken salad, baten biscuits, cheese balls, pickles and chocolate was served.

The Garrard Tobacco Warehouse sold Monday 68,245 pounds of tobacco at an average of \$61.10. The highest basket, belonging to Phil Brown, brought \$1.10. The market shows increasing strength as the season progresses, with each succeeding day marked by a higher average than the previous day.

RICHMOND MAN APPOINTED COLONEL

It is now Colonel Edward C. Stockton. Shortly before he surrendered the executive chair at Frankfort, Gov. Black honored the popular young Richmond druggist by appointing him a Colonel on his staff. Gov. Black also appointed his brother, Mr. John A. Black, of Barbourville, a Colonel. The latter was seriously injured by being thrown from his horse but is improving nicely now his friends are glad to know.

EDUCATORS TALK LEGISLATIVE PLANS

Heads of Most of State's Educational Institutions Hold Conference In Richmond

A group of the most prominent educators in Kentucky gathered in Richmond for a short time Monday afternoon to discuss needs of the two normal schools and State University. They also talked over matters affecting these institutions which will probably come before the next session of the State Legislature near at hand.

Among those here were President Frank McVey, of State University; President H. H. Cherry, of the Western Normal at Bowling Green, State Superintendent of Public Instruction V. O. Gilbert, President J. M. Russell, of the Kentucky Normal and Industrial Institute for colored students, at Frankfort, President T. J. Coates, of Eastern Normal school here, Regents John A. Dean, Jr., of Owensboro, J. Whit Potter, of Bowling Green, and John P. Haswell, of Breckinridge county, all of Western Normal, and Regents J. A. Sullivan and J. W. Cammack, and Treasurer R. E. Turley, of the Eastern Normal here. The gathering was held in the apartment of Judge Sullivan and a most pleasant and profitable afternoon was spent. Adjournment was taken to meet again with President McVey before the legislative session begins.

HEARD ABOUT TOWN

Jack Hardin is back from Tucuman, New Mexico, where he spent several weeks with his wife, who is there for her health. During the time he was there, Mrs. Hardin showed nice improvement, having gained our pounds. Mr. Hardin says that the country around Tucuman is principally sagebrush and sand.

Parker Adams, clerk to County Judge W. K. Price, went to Frankfort Tuesday morning to attend the inauguration ceremonies. Mr. Adams has been suggested several times for a nice appointment under new administration, his friends here would like to see him land something good and soft.

Louisville Under Old Rules

Louisville, Dec. 9.—The new fuel regulations have not yet been received by Federal Manager Mapother and Louisville continued today under the old rules.

A CALL FOR HELP

The McLane Company, which has change of the new sewerage work in the city of Richmond, is greatly in need of workmen. It can easily use 100, and only has about 20 on hand at present. It is paying good wages and the hours are not arduous. Employers of labor who can spare a few men are appealed to and urged in this time of need to release all they can to help in this work which must be pushed as rapidly as possible before real cold weather sets in.

It is sincerely hoped that laboring men will respond to this call for assistance. They will find good wages, and splendid treatment.

The State Tax Commission fixed the value on whiskey for 1920 assessment at \$25 a barrel. This value is the same as the assessment for 1919 and it sells at several hundred dollars a barrel when the lid goes off.

BEREA STUDENTS FOR LEAGUE OF NATIONS

Adopt Strong Resolutions On Treaty And League By Big Majority

Strong resolutions endorsing President Wilson's course with the peace treaty and the League of Nations were adopted by the student body of Berea College last week, according to the Berea Citizen. President W. G. Frost, though nominally a Republican in politics, takes a broad, and patriotic view of every public question, and his position and stand that his great institution has taken, are being heartily commended by a great many. The Citizen said of the resolution mentioned above in its recent issue, as follows:

The following resolution was drafted by Dr. J. R. Robertson at the request of President W. G. Frost and read before the Faculty and students, assembled on Thanksgiving Day in the College Chapel: "We, the great majority of the more than fifteen hundred present voted in favor of the resolution, while only about forty were opposed to it.

Whereas, the President of the United States has made known his desire for an expression of opinion in regard to the ratification of the Peace Treaty with Germany, therefore,

Resolved, by the officers and students of Berea College, an institution located in a Republican section of Kentucky, and serving the Mountain section of the South, assembled in Thanksgiving service. That we express our thankfulness for the improving health of the President our confidence in his far-sighted and Christian leadership; and our belief that the Treaty should be ratified without reservations, or with only such reservations as will make the Treaty more clear and give our interpretation to articles that might otherwise be doubtful. That we believe such is the most practical method to pursue, all things considered, to bring the war conditions to an end; that it will give the world intact the League of Nations, the most forward step yet taken toward a legal means of preventing wars, and establishing conditions of peace and order among men of all nations and races. That the taking of such a forward step is the fitting outcome of the participation of our country in the world of war and a reward for the sacrifice of life and property.

Resolved that a copy of this resolution be sent to Senator Hitchcock, the President's representative in the United States Senate.

Berea, Kentucky, November 27, 1919.

CHURCH MEN MEET AT LEXINGTON

Lexington, Ky., Dec. 8th.—"We have won the War, but we have lost it unless the religion of Christ finds its regnant and rightful place, during these days, in the hearts of men and nations", declared Dr. James A. Vance, pastor of the First Christian church of Detroit who is the leading speaker at the great religious conference which opened Monday at the Central Christian Church of Lexington.

The conference is being held under the auspices of the Interchurch World Movement and has gathered a notable group of church leaders from many eastern Kentucky counties in a consideration of the vital problems confronting the evangelical church at the present time.

The conference will continue through Tuesday and Wednesday and will be addressed by Dr. M. M. Culbreth of St. Louis, David McCaughy of New York and Dr. Lyman P. Powell of New York. There are five thousand sick persons who are daily turned away from the evangelical church hospitals of America, according to Dr. Vance. This is in spite of the fact that there are 1500 hospitals and homes in America under evangelical direction, in which million patients are treated annually.

Joe Bosworth To Be Speaker

Two former Democrats seem destined for high honors in the incoming Republican state administration, and Bell county will have the honor of furnishing both. Charley I. Dawson, formerly of Logan county, which he represented in the legislature a few years ago, as a democrat, has been elected attorney general. He will be a good one, those who know him and his ability feel certain, for he has a youthful vigor and at the same time a wide experience which will stand him in good stead. It now seems certain that popular Joe Bosworth also of Belle county, will preside over the lower House as speaker. Bosworth was a democrat, a member of the famous democratic family of his name in Fayette county, before he, too, went to Bell, where he has grown wealthy in the coal business. He is one of the republican leaders in Bell county and the mountains. Many say that his influence was due to the selection of Dawson as the candidate for attorney general at the famous Lexington convention, which "handpicked" the ticket. Anyway Joe has no opposition so far developed for the speakership and probably will have none. Friends of Bosworth in this section hope that Madison county's representative Hon. Leonard Ballard, will support Bosworth and it is said to be probable that he will do so, although it is understood that Ballard is very wisely making no pledges.

The Louisville Times said the other day of Bosworth's probable election as speaker: With Representative-elect Joe F. Bosworth of Middlesboro, the only announced aspirant, the honor of presiding over the lower branch of the coming legislature may go to the Bell county man by default. Friends of Mr. Bosworth assert that he is the choice for speaker of the majority of the Republican solons who will participate in the Republican caucus, and that his candidacy is in every way satisfactory to the party leaders, since it has been practically determined that Louisville will not ask for the honor.

Lexington Children Sell Their Red Cross Seals Quota

Sales of the first six days of the Red Cross Christmas Seals have not been set by the promoters of the sale, which include every public health agency in Kentucky. The State Board of Health, the Kentucky Tuberculosis Association, the Red Cross, the Public Health Nursing Association in all parts of the state, and the county tuberculosis associations.

Many stamps have been sold in the intensive campaign in northern Kentucky, where W. C. Ryerson, a newspaper-live wire, is chairman. In Western Kentucky and in Central Kentucky, too, reports show that many seals have been sold, but not enough to make the state's quota unless they are considerably increased.

In Lexington the school children have sold their quotas and have sent in requisitions for more seals. Major Ernest B. Ellis, who is assisting Chairman J. A. Goodson there, offered prizes of \$100 for the best seals salesmen among the children and the very first day the school quota was all sold.

It is hoped to finish the campaign expected to be sold this week. continued until the quota of \$130,660 is raised. Many more seals are expected to be sold this week.

GET PASSPORTS TO CUBA

Application for passports from the United States to Cuba were made before Federal Clerk Miss Minnie Monday by Mrs. Nancy Hall, and granddaughter, Miss Nancy Hall Clay, and Miss Frances H. Quickest Pain Killer On Earth

Mustarine Stops All the Pain in Half the Time it Takes Other Remedies—Often Times in Five Minutes. Subdues Inflammation and Reduces Swellings.

TAKES ONLY ONE SMALL BOX TO PROVE IT

Don't be downhearted! Never mind if you have tried plasters and liniments and other things that don't start to banish the pain and agony till day after tomorrow.

If you want to kill pain, get rid of aches—draw out inflammation and make all swelling disappear with amazing speed get a box of Begy's MUSTARINE right away.

Chemist Begy discovered Mustarine. He made it of good, honest, pure yellow mustard—added other pain-destroying ingredients—took out the blister and astonished the medical profession by giving to the world a preparation ten times better than Grand-

mother's good old-fashioned but dirty and blistering mustard plaster.

Mustarine relieves backache, headache, toothache, earache and neuralgia in five minutes—in an hour all misery will disappear.

Sore throat goes over night—lumbago agony in an hour. Chest colds, stiff neck, neuritis, rheumatism, pleurisy, pneumonia, yield promptly to Mustarine. Mustard plaster always in the yellow.

Engagement Announced
"Announcement of the engagement of Miss Katherine M. Tobin and Mr. Frank G. Glavin, of Lexington, Ky., to be married at a bridge-luncheon given by Miss Anne Walcott at the home of Mrs. Thomas Hall, Miss Tobin is a prominent society girl of Lexington and made a number of friends in Richmond while a student at the Eastern Normal several years ago.

Turner-Brownish
Handsome engraved announcements as follows have been received by friends: Mr. and Mrs. James Turner announce the marriage of their daughter, Margaret Ferrell, to

Mr. Forest F. Brown on Wednesday, November twenty-sixth, nineteen hundred and nineteen, Lexington, Kentucky. At home after Dec. 5, 182 Woodland avenue, Lexington, Ky.

Entertained Piano Club
The Piano Club had a delightful meeting with Miss Margaret Telford Monday afternoon. Several splendid selections were given by Misses Margaret Green, Myrtice Tood, Eula Mae Warren, Mary Arnold, Lynn Evans, Margaret Greenleaf and Margaret Telford. Refreshments were served at the conclusion of the programme and the afternoon of music was very much enjoyed.

Maupin-Burris
A wedding tinged with a bit of romance, was that of Miss Lillian Maupin and Mr. Luther Burris, who announced to their friends Monday, that they were married Sept. 19th during the state fair at Louisville. The ceremony was performed by Rev. J. C. Hoskins, pastor of the Davison Memorial church, of that city in the presence of only a few witnesses. Miss Maupin is very much admired. She is of a very winning personality, and is the daughter of Mr. F. C. Maupin of Berea. She has been a most efficient teacher in Kirksville school the past two years, and had accepted the position again this fall and it was for this reason, it was decided to keep the wedding, a secret. The groom is a son of one of our most substantial farmers, Mr. A. D. Burris. He now has a position with the Madison Tobacco House. The happy couple have taken room at the Dixie Inn, where they are being showered with congratulations by a host of friends.

DANDRUFF SOON GETS YOUR HAIR

Lct "Dandrine" Check Nasty Scurf And Stop Hair Falling Out

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Dandrine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

Mr. B. F. Booges returned from a business trip to Nelson county.

Mr. and Mrs. Butler Dunn will leave this week to make their home in Shelbyville.

Mr. Eton Bales, of Clark county, is visiting Mr. and Mrs. Everett Reed.

Mrs. Jerry Chambers spent the week-end with her sister, Mrs. J. R. White in Irvine.

Mr. George Wilson, of Cincinnati, was with his mother, Mrs. Ellen Wilson the first of the week.

Deaconess Emily Olmstead has returned from a few days stay in Louisville.

Mr. Fred Evans and guest Mr. Beverley Evans went to Frankfort to lay for the inauguration.

Mrs. L. B. Weisenburgh, Mrs. Hale Deane, and Mrs. S. M. Sauley spent Friday in Lexington.

Numerous friends, will regret to hear that Mrs. Pauline Arnold is slightly ill at the P. A. C. Infirmary. It is hoped she will be greatly improved very soon and will be out among her friends.

Among those from a distance, who were here to attend the funeral of Mr. Silas Alexander, Sunday, were: Mr. and Mrs. John Cockrill, of Livingston, Mr. William Broadus and Miss Mary Winn, of Irvine, Mr. and Mrs. Geo. Williams and children, Mrs. Florence Thomas, Miss Georgia Thomas, Mr. Jack Thomas, all of Winchester; Messrs. Fred and Frank Packes, of Paris, and Mrs. Irvine Scrivner of Lexington.

This Laxative Is Now in Half a Million Homes

They regulate their health with Dr. Caldwell's Syrup Pepsin

Where there are women and young children and elderly people it is always well to have a mild, gentle-acting laxative like Dr. Caldwell's Syrup Pepsin handy. This is a combination of simple laxative herbs with pepsin which does all that is required in constipation and does it with safety and comfort. It is free from narcotics and may be given to babies. Half a million mothers have it in as many good American homes, and these families are healthier for it. Every drug store sells Syrup Pepsin at 50c and \$1 a large bottle, the latter for those who already know its merits.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Fayette Wins in the Last Inning --- Score 17 to 0

Opponents got men on second and third the best they could do; the rest fanned out. The features of the game were the masterly work of Pitcher and Catcher Early Bass, and in the field. There were no errors charged up to the Fayette boys; but opponents missed several flies. Manager Halley was highly elated over the work of his team.

Bronchitis in Unusual Form Causes Warning

Bronchitis, in a form that is puzzling physicians and members of the State Board of Health, is sweeping the state in greater proportions than did influenza last winter, according to officials.

So many cases of the disease have been reported that Dr. A. T. McCormack, secretary of the State Board has appealed to public school teachers to send home every child that shows the least sign of cold. Otherwise the closing schools may be necessary, he says.

He says research shows the same germ is responsible for this form of bronchitis as caused influenza and the new disease is equally contagious. No deaths have been reported from bronchitis in Kentucky and few cases of pneumonia have been traced to the disease. The abnormal spread of the disease, like influenza, covers the last three weeks.

Circular letters and pamphlets giving warning of the disease and directions in treating it will be mailed today to all Kentucky physicians.

Dr. McCormack says usual treatment for bronchitis fails to have any effect on the disease and unlike ordinary bronchitis, that comes with the first touch of winter, this disease leaves the patient in a weakened condition.

MRS. TURNER DIES AT GILEAD

Mrs. Marge Turner died at her home near Gilead Thursday and was buried Friday afternoon. Services conducted at the grave by pastor of the Baptist church of which she had been a most faithful member for many years. She is survived by one daughter, Mrs. Charlie Moberly, with whom she made her home, to whom the sympathy of many friends is extended in her bereavement.

Mr. Frederik Pike has returned to Boston after a few days with friends here.

FIX STOMACH RIGHT UP

"Pape's Diapepsin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. When your meals don't fit and you feel uncomfortable, when you belch gases, acids or ralse sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly; no disappointment, and they know a little too.

McGloney & Merriam, of Cynthiana, have purchased the Estill farm, of 400 acres in Fayette on the Winchester pike, about four miles from Lexington, from Crutcher Bros., at a price reported to be \$175,000.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. C. H. Schell, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did harm to the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would act only on the lower or large intestine, and that they almost invariably produced a habit requiring successive doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Lewis' Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Lewis' Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Lewis' Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Lewis' Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Lewis' Remedy (N.R. Tablets) and will be better, healthier, happier people for it. I hope you will be one of them.

SEVEN HUSKY ROCKCASTLE BROTHERS COULDN'T WRITE

Lexington, K., Dec. 7.—"Family squad, attention!" This was a command Sergt. Rollin O. Moore, in charge of the local marine recruiting station, was ready to give today when eight lads from Brodhead, Rockcastle county—brothers all—appeared for enlistment.

An emissary had investigated the station a few days ago and after being assured of passing the examination went back home for his seven brothers.

The Sergeant found no physical defects in any one of the eight men, so prepared the papers for them to sign. But at this point of the procedure every one of the boys balked—not one of them was able to write his name. Therefore, they could not be accepted.

RENO SUGGESTS USE OF CONVICTS IN COAL MINES

Why not try this plan to get out coal? Lawson Reno, former president of the Central Trust Company here, has telegraphed the Fuel Administration at Washington suggesting that Governors of all states be asked how many convicts are available for work in mines, that a statement be published that convicts will be employed under guard of Federal troops, that plans be made for this work and the public advised. This Mr. Reno believes will end the strike quickly.

SUES ON RENT CONTRACT

He will go to the mission in Korea. He will marry a South Carolina girl before leaving.

EASTERN WOMAN GIVES LARGE SUM TO BEEA

A dispatch from Cambridge, Mass., brings good news to friends of Berea College. It says that more than \$460,000 is left for benevolent purposes and will be distributed among many educational institutions by the will of Caroline S. Freeman of Weston, Mass., filed in the probate court there this week.

Mrs. Freeman, who was very prominent throughout the state of Massachusetts on account of her activities in charitable lines, died November 26. No valuation of her estate was made.

With one exception her bequests all go to institutions within New England. The one exception refers to Berea College of Kentucky, which receives \$15,000. A trust fund of \$175,000, the income of which is to be divided among several relatives while they live, was also provided. When these persons die the will provides this trust fund shall be divided as follows:

One quarter of the fund to the Museum of Fine Arts, Boston; one quarter to Harvard College for the Arnold Arboretum, one quarter to Harvard College for the Harvard Medical School and one quarter to Berea College of Kentucky.

SWIFT AND CO.'S WEEKLY PRODUCE REVIEW

Poultry receipts slackened up immediately after Thanksgiving, but the movement this week has been normal, and it is expected that it will be fully sufficient to take care of the holiday trade.

The interest chiefly centers on turkeys which are now being prepared for shipment to large eastern markets. They should arrive at seaboard points not later than December 20th, and in view of the transportation situation turkeys should move from the farm earlier than usual. The bulk of the turkeys should be in cars and on the way not later than December 11th.

Receipts of fresh eggs are

smaller than current trade requirements. Prices are higher, but it should be noted that only close selections bring top prices. Storage eggs are moving satisfactorily, although there is still a larger reserve in storage than

a year ago. The amount of cream delivered to creameries last week has shown further reduction, but there has been no particular change in the market. Demand in the larger consuming centers

is reported smaller, and if this tendency continues it will probably result in lower prices.

Mr. Henry D. Chenault will be home from Washington Lee, for the Christmas holidays.

white flour is promised by the United
States Wheat Administration, to be-
come effective within from three to
four weeks in practically every city
in the country. This promise was
made by Wheat Director Julius H.
Barnes, who declared that there was
no prospective shortage of flour and
indicated that the report that there
would be a shortage and that flour
prices would go higher was a bogey
being used by ambitious flour sales-
men. According to the Government
wheat director flour is being produced
in more than ample quantities at
this time and the market gives
promise of meeting all demands dur-
ing the winter and spring.

The prices now promised, and to be-
come effective as soon as distribution
can be accomplished will bring the
price of "pure, straight flour", made
of the finest wheat down to 75 cents
for 12½-pound sacks, our sixteenth
as they are known, with eighths, or
24½-pound sacks, at double that
price. Prices in the market on straight
grades of flour are 90 cents for the
smaller sack, and \$1.80 for the larger,
showing a promised reduction of 20
per cent to the consumer.

Leaving the flour cost in the hands
of the consumer the Government
director of wheat said this "puts the
solution of one phase of the cost of
living up to the consumer by making
it possible for the purchaser
of flour to decide himself whether he
will continue to pay fancy prices
pure, straight flour made from the
finest wheat."

Referring to the threat of higher
prices Director Barnes said: "The
facts are the stocks of flour are very
large and production very large.
Therefore, the wheat director has de-
termined to place in hands of the re-
tail trade, in the large cities particu-
larly, a supply of flour from the
immense stocks of the Government
grain corporation at nominal prices."

The new prices are looked forward
to here with consideration hope when
it is recalled that they will bring
pure flour down to a point where it
will be at least within reach of the
prices that obtained several years ago
instead of continuing at more than
100 per cent over those of 1916.

MORROW BECOMES OUR NEW GOVERNOR

Inaugural Ceremonies At Frank-
fort Are Witnessed By Throng
From All Over State

(By Associated Press)
Frankfort, Ky., Dec. 9—Edwin
P. Morrow, the first republican
Governor of Kentucky in a num-
ber of years, was inaugurated
here today in the presence of a
throne from all parts of the
state. Morrow himself headed
the parade composed of soldiers,
former service men, and citizens
through the flag-bedecked streets.
In his inaugural address he as-
serted "this is the proudest mo-
ment of my life." He pledged him-
self to carry out his party's cam-
paign pledges and as his party's
agent promised to develop the
natural resources of the state,
promote education of its citizens,
and "protect the integrity of our
state institutions."

Gov. Black, in his valedictory
recounted the achievements of
his administration, defending his
action in refusing to remove cer-
tain board members on whose ap-
pointment he said "I had no more
voice than any citizen" and wish-
ed the state happiness and pros-
perity under its new regime.

A reception this afternoon and
the inaugural ball tonight are of
the inauguration program.
